PROFESSIONAL SUMMARY

Results-driven Frontend Developer and Software Development Engineer (SDE) with hands-on internship experience at a fintech startup and proven hackathon participation at the national level. Proficient in building responsive, accessible, and visually engaging web interfaces using HTML5, CSS3, JavaScript, and Bootstrap. Skilled in applying UI/UX principles, DOM manipulation, and animation libraries to deliver clean, user-centric digital products. Strong communicator with excellent public speaking and teamwork abilities. Pursuing B.E. (2027) and actively seeking full-time or internship roles in frontend or full-stack development.

EXPERIENCE

Software Development Engineer (SDE) Intern — **Bluestock Fintech**

Mar 2026 – Apr 2026

- ▶ Worked as a full-cycle SDE intern at a DPIIT-recognized Startup India fintech company, contributing to real-world software development under direct mentorship.
- ▶ Developed and maintained frontend modules for fintech web applications using HTML, CSS, JavaScript, and Bootstrap.
- ▶ Collaborated with the project manager and cross-functional team to deliver UI components on schedule with attention to responsiveness and accessibility.
- ▶ Gained exposure to Git version control, Linux-based development environments, and agile workflows.
- ▶ Applied UI/UX best practices to improve interface clarity and user experience across product pages.

UI/UX & Animation: AOS Animations, DOM Manipulation, UI/UX Principles, Figma (basic)
Backend Basics: Node.js (basic), Python (intermediate)
Operating Systems: Linux (Ubuntu – CLI, file system, bash basics), Windows
Tools & Platforms: Git, GitHub, VS Code, Chrome DevTools
Soft Skills: Public Speaking, Communication, Team Collaboration, Problem Solving, Adaptability, Time Management

PROJECTS

Personal Portfolio Website | HTML5 · CSS3 · JavaScript · Bootstrap · AOS (2025)

- ▶ Designed and developed a fully responsive multi-section portfolio website featuring smooth animations, project showcases, skill highlights, and a working contact section.
- ▶ Implemented AOS scroll animations and custom CSS transitions to elevate visual engagement.
- ▶ Deployed via GitHub Pages — live at: github.com/surajlg2025/PORTFOLIO

FLUXDRIVE – File Management System | *HTML · CSS · JavaScript · Bootstrap · Node.js* (2025)

- ▶ Built a modern browser-based file management interface with drag-and-drop UI, file filtering, and a clean dashboard layout.
- ▶ Integrated Node.js for backend file handling logic; demonstrated understanding of client-server architecture.
- ▶ Focused on intuitive UX with a dark-mode-ready design and responsive layout across screen sizes.

AgriTech Decision System (Hackathon) | *System Design · Digital Agriculture · Market Analysis* (2026)

- ▶ Participated in the 24-Hour National Level InnovateYou Techathon 3.0 at AISSMS IOIT Pune.
- ▶ Designed a digital platform concept to help farmers make crop decisions based on local demand, seasonal risk, and global market data — presented under the Agri Tech domain (AS-1).
- ▶ Collaborated with peers to ideate, prototype, and pitch within a 24-hour competitive window.

CERTIFICATIONS & ACHIEVEMENTS

- ▶ InnovateYou Techathon 3.0 — 24-Hour National Level Hackathon Participant, AISSMS IOIT Pune (Feb 2026) — Innovation Foundation, Pune
- ▶ SDE Internship Certificate — Bluestock Fintech, Startup India Registered (Cert. ID: BFSD280975, Apr 2026)
- ▶ IBM Generative AI Course Certificate (2025)
- ▶ Searchathon Participation Certificate (2025)
- ▶ Web Development Bootcamp Certificate (2025)
